WEDNESDAY, NOV. 17, 1897.

A newspaper man in Ashland, Miss., was stabbed to death because he did not give a long enough notice of an approaching lecture, and the oversight probably occurred on one of those days when the compositors were sick, or the press would not work or the editor was the only pebble on the beach.
TAMMANY HALL is said to favor Mayor Carter Harrison, of Chicago, for the Presidential nomination in 1900. Ordinarily this tip would be a hot one; but as things are now going it indicates but little. The man who gets the Democratic nomination in 1900 will have to outclass W. J. Bryan as a believer in and expounder of Populism, for by that time Democracy and Populism will be synonymous terms. Tammany will never support even Carter Harrison on a flat money platform.
The state press is not tumbling over itself in frantic endeavors to get into the Dennis Mocquot band wagon for Speaker of the Kentucky legislature. One Democratic paper has suggested that Mr. Mocquot's name is already "Dennis." We regret this indifference, for we should have been glad to have had the Speaker been a Paducahan. But Dennis is young yet, and he can come again. After he has served one session at Frankfort he will have learned enough to disfigure him with politics, or will have culled a few points that will enable him to sit up with the boys when he shies his castor the next time.
The city of Paris has a department in its municipal affairs that is possessed by only two or three American cities. That is a forestry department, and its duties are to care for the trees on the public boulevards. The result is said to be the most nearly perfect system of street shading in the world. Visitors carry away with them visions of the balmy shade of the beautiful trees that have been selected, planted and carefully tended by city officials at the public expense. America has much to learn from the Old World in the matter of municipal government. In the development and formation of a bill of rights for mankind, America leads, and has made the whole world her debtor. So in the development of republican institutions. But in the matter of municipal government, America is far in the rear.
The people of this city would like to see a more rapid gait in the construction of the sewerage system. Several weeks have passed since work was begun. When the first dirt was heaped we were told that the work would be pushed with the utmost rapidity. While no one expected to see a completed system by this time, we did expect, and we had a right to do so, that the work would be vastly further along than it is now. As it is, the construction of the system has hardly a good start. It takes a diagram to demonstrate that any progress is being made from day to day. It is said that the big machine does not turn out as much work as it appears to one at a distance. Also, the pipe water makes a delay. Then, too, we understand that at various and sundry times the pipes have given out and a delay has resulted. But with all these necessary and unavoidable delays, it still seems that the work has progressed with most unusual slowness. The best time in the whole year to work is from now until Christmas. Past experience proves this. The next three or four months will be wet and work cannot be pushed with much rapidity. Now is the time for the contractor to get a move on himself and rush the work.

The Democrats of Warren county are taking the results of the late election too seriously. They imagine that because Kentucky has become a "jiner," again, this time democracy being the favorite, that the whole country has gone democratic. They further imagine that this United States has suddenly dropped to free silver. Being inflated by this erroneous idea the democrats of Warren county could find no relief except by adopting some "resolutions." The object of their "resolutions" was Senator Lindsay, known in silver circles as the "Rembrandt." After stating that the Senator "has violated the trusts imposed in him by the democracy of the state," and after a few other statements they deliberately demand his resignation. While the proposition is supremely ridiculous it is not so intended by the people of Warren county. Believing as they do that the world has capitulated. They feel that the political scarp of Senator Lindsay is their just due. The Democrats have just as much right to demand the resignation of Senator Deboe as that of Senator Lindsay. One object of a six year term for U. S. Senators was that the people at large might not be deprived of the services of a valuable member, every time the political complexion of his state happened to change. Also the Senator theoretically represents his state as a corporate body, and is not supposed necessarily to reflect public opinion; the opposite is true of Representatives, they being supposed to represent the people directly and hence their terms are short and allow of frequent expression of the popular sentiment.
The Senator's term expires March 4th, 1901. Until then he will, I believe, represent Kentucky in the United States Senate. Those four years will give the people plenty of time to change their opinions, and we may yet see the democrats of this state memorializing Senator Lindsay to use his influence to stamp out the pernicious doctrine of flat money advocates.

THE STATE OF MANHATTAN
This is a day of great schemes. The latest comes from New York when it is seriously proposed that the new state of Manhattan shall be formed out of a portion of the state of New York. The new state is to include Greater New York, Long Island and some counties along the Hudson, in all, sixteen counties. The formation of this new state is said to be a plan of Richard Croker, whereby Tammany Hall can become directly a factor in national politics. The new state would be formed to have an area of 8,960 square miles, a population of 3,100,000, twenty representatives in Congress and two United States senators. The formation of the new state would be of great political import, but it would not be of very great benefit to the Democratic party, as it is now constructed, as far as its principles are concerned.
The new state would be solidly Democratic, but the state of New York would be just as solidly Republican, so that the two states would offset each other in the Senate. But not so on the money question, for both states would be for the gold standard, so that the sound money forces would thereby gain two members in the Senate. Further than that, the change would not be of much importance in national politics.
The idea of creating a new state of the territory now included in Greater New York and the immediate outlying territory is not a new one. It has occurred many a time that that part of New York state, outside of New York City, Brooklyn and Long Island has gone Republican by 75,000 majority, and yet the state would go Democratic. Since the Republican party became a faction in national politics that part of New York, outside of the sixteen counties, has never gone Democratic, except probably when Cleveland was elected Governor by 196,020 plurality. For this reason the people of rural New York have chafed a good deal because of the overbearing influence of the two cities at the mouth of the Hudson. But such has been the pride of every New Yorker in the wealth and political influence of the Empire State that any idea looking towards a dismemberment found no favor at all.
Now, however, Tammany has a direct interest in the formation of a new state. That means that a most powerful impetus can be given to the agitation, but Tammany alone cannot put the measure through the New York legislature. Taking all things in consideration, the success of the scheme is not at all probable.
An American Triumph.
(Publishing Democracy's Times)
When the famous American plate bill was adopted by Congress it encountered decided opposition on the Democratic side. As a concession to the opponents of the measure the bill provided that it by October 1, 1897, the manufacture of the plate in the United States did not equal one-third of the quantity imported all duties laid by the bill were to be repealed and of no further effect. The duties are in no

danger. Here is the way the tin plate industry has grown: For the year ending June 30, 1899, the production of tin and terne plates was 13,646,719 pounds. Next year the production increased to almost eight times that much, being 99,819,202 pounds. For 1894 a further increase of 40 per cent was recorded. Another increase of 40 per cent, marked 1895, when the production came up to 123,801,073 pounds. But 40 per cent was not enough, and for 1896 more than 50 per cent. increase was shown, with a product of 307,228,521 pounds.
In 1891, before the American mill began to make tin plate, the imports were 536,000 pounds. Last year they were but little more than a third that much. In 1891 the total imports 430,000,000 pounds. The domestic manufacture in two years had almost reached the requirements of the law. In 1893 the imports were 438,000,000 pounds, and the domestic product not only reached the required one-third, but exceeded it, equalling a total of 40 per cent of the imports. In 1896 the imports were less than the domestic manufacture of tin and terne plate, the imports being but 236,060,000 pounds, while the American mills turned out 25 per cent, more.
The report for 1897 will soon be out, and all indications point to the greatest record of the six years. The imports of tin plate are falling off, and the American mills are expanding. The surprising development of the business is an American triumph and a very gratifying one.

MR. E. C. GLEAVES
Honored With a Prominent L. A. W. Position.
Made Vice-Consul of the Kentucky Division.

The count of the ballots in the election for officers and representatives to serve the Kentucky Division, L. A. W., during the coming year was made at Mr. W. R. Caperton's residence, 1021 West Chestnut street, Louisville, last evening, and resulted in the following being elected:
C. W. Jenkins, of Louisville, Chief Consul.
E. C. Gleaves, of Paducah, Vice Consul.
Owen Lawson, of Louisville, Secretary-Treasurer.
Newt. G. Crawford, G. F. Kast, E. W. Ledman, of Louisville, and T. B. Dewhurst, of Lexington, representatives.
Quite a fight was made against G. F. Kast, N. G. Crawford and G. W. Albrecht, but Messrs. Kast and Crawford pulled through.
Mr. Gleaves succeeds Mr. N. G. Crawford, of Louisville, who was one of the judges here in the recent L. A. W. meet. Mr. Gleaves received 424 votes, two more than Mr. C. H. Jenkins, of Louisville, who was elected Chief Consul.

CIVIL SERVICE LAW
PROTECTS THEM.
Judge Jackson Decides That Internal Revenue Officials Cannot be Removed Except for Cause.

Martinsburg, W. Va., Nov. 16.—United States Judge Jackson decided that gaugers and storekeepers in the employ of the Internal Revenue bureau were under the protection of the civil service law, and could not be removed, except for cause, their removal must be made in accordance with the provisions of the civil service act and the rules promulgated under it. The question arose in the cases of three government employees at the Hannis distillery here against Collector A. B. White, acting under instructions from the Treasury Department, which revoked their assignment. Collector White attempted to remove them and assign to duty in their places others who were old soldiers, reinstated in the revenue service, when he was restrained by an injunction. The case was subsequently heard on the merits before Judge Jackson, being elaborately argued by such lawyers as Senator Faulkner for the plaintiffs and District Attorney Gaines and John W. Mason, formerly commissioner of internal revenue, for the defendant.
Judge Jackson said that many of the questions raised had never been adjudicated, and that they affected thousands of men in the employ of the government. They involved the constitutional right of the civil service law, the right of the employees to the protection of the law in assignment and revocation of assignments to duty, and the jurisdiction of the court of equity in such cases. The court decided adversely to the defendant and perpetuated the injunction. Judge Jackson was warmly complimented by the members of the bar present on his decision. Collector White gave notice of an application for appeal.

SENSATION IN GRAVES
Of Prof. Rork's Alleged Conduct.
—Will be Asked to Leave.

There is something of a sensation in the Melber section over the alleged conduct of Prof. Rork, who is well known in Paducah and formerly lived here. The Mayfield Mirror says:
"The grand jury found evidence which would convict this Prof. Rork, who is teaching near Melber, of very ugly and indecent conduct, but the judge and commonwealth's attorney could find no law that would cover the case and no indictment was returned.
"Rork is teaching a private school at Melber and is said to have a flourishing school. He came here a few years ago from the Northwest, and

worked himself into favor with the Populists by advocating their doctrines, and they built him up the school which he is now teaching. Some of the citizens of the neighborhood expressed themselves very indignant over the matter, and it is thought he will be asked to leave the community."
BRANCH BANKS.
Some of Their Advantages as Compared with Local Banks.
They Equalize Supply and Demand of Money in Different Parts of a Country—Also Interest Rates, Distribute Risks and Aid Interests of Different Localities—Together—Prevent Local Bankers Such as Occurs When Local Banks Fail.

In 1891, before the American mill began to make tin plate, the imports were 536,000 pounds. Last year they were but little more than a third that much. In 1891 the total imports 430,000,000 pounds. ...SILKS...
We have just received a line of plaid and striped silks in the very newest styles. They are beauties.
L. B. OGILVIE & CO.

If La Nature's arguments be not accepted by the skeptics, then the small building in Paris is just at the spot where the line of the Clergy merges into the line of the Beauregard. The two streets converge into a blunt end not quite seven feet wide. On this end is the facade of a small building which occupies a total area of 77 square feet. The ground floor is occupied by two diminutive rooms and a staircase, which runs up to the three upper stories. Each of the upper stories consists of a single room and a landing. These rooms are smaller than the rooms in the New York "apartment house." More than this, although in the latter structure the actual frontage on Eighty-second street is five feet, yet the bay windows on the Lexington avenue side give it a maximum width of a little over seven feet, which exceeds the maximum width of the Parisian house.—The Pitt.

Stuffed Tomatoes.
Stuffed tomatoes are excellent. Select many large, firm, ripe tomatoes; there are persons to be served, and cut them in halves. Insert a little butter in a porcelain-lined snuggler and lay the tomatoes in it with the flesh side down. Let them fry two or three minutes. Chop the filling of one small shallot, chopped fine, and mix with onion oil; add one clove of garlic—no more—also minced; the yolks of two hard-boiled eggs, a tablespoonful of equal parts of chopped chives, parsley and two salt anchovies, freshened and chopped fine. Mix all these ingredients thoroughly together, stirring in a tablespoonful of butter; season with a little pepper and salt if necessary. Lay the halves of fried tomato on a buttered tin, flesh side cooked side up, and cover each one of them with one-sixth of the amount of stuffing prepared. Broil a few fine bread crumbs and sprinkle a few eggs of melted butter over each, and put them in a hot oven to bake ten or fifteen minutes. Place them on a dry, hot platter and serve.—N. Y. Tribune.

Could Not Get the Gutter Wreath.
You must attribute it to the invention of genius, that has multiplied a thousand times, in many instances, the strength of a single man and enables us to do with one man what 50 men could not do 50 years ago. That is what has brought down prices. In this country and everywhere.—William J. Bryan, March 16, 1892.

PRIZES FOR BARGAIN SEEKERS

FOR ONE WEEK ONLY

Three hundred yards of broad fabric, in Roman stripes and in other effects, and 200 yards of elegant satin ribbons, beautiful effects—these goods would be considered cheap at \$1.00 and \$1.50—our price for one week, only 50c and 75c.

One hundred new and beautiful silk, in all of the new Scotch plaids and checks, well worth \$2.50 and \$3.00, our price \$1.50. Another lot in new colors, jerseys and fancy dress, worth \$5.00, \$8.00 and \$12.00, our price \$2.50, \$4.00 and \$6.00.

Handsome silk and wool to order, \$2.00, \$2.50 and \$3.00, worth double the price.

A new lot of sample capes, all styles and colors.

MILLINERY DEPARTMENT

A beautiful lot of black velvet pattern hats, profusely trimmed with rich feathers, the most stylish hats of the season. These hats are well worth \$7.00 and \$8.00—our price \$3.50 and \$4.00.

Another lot of handsomely trimmed hats, twenty-five different styles to select from. These hats are well worth \$4.00 and \$4.50—our price \$2.00 and \$2.50.

Another lot of new trimmed hats, all colors. These hats, while they last, go for \$1.00.

A new lot of fine hair switches, regular price \$3.00 and \$4.00, while they last our price \$2.00 and \$2.50.

... THE BAZAAR ...

NEW STORE 215 BROADWAY NEW STORE

HARBOUR'S

The Birthplace of Low Prices

Here's a store filled with fresh reliable merchandise, bought to fit your needs to your entire satisfaction. Not a penny's worth of goods is sold here unless it is sold right. We're making good goods history by selling reliable goods at honest low prices. There's many a helpful hint awaiting you here now.

Choice Dress Goods.

Thirty-six inch wide all wool, in beautiful new combinations—35c in their regular value—you can have them for only 25c a yard this week.

Thirty-six inch all-wool dress flannel in all desirable fall colors, should bring 40c; come and get them for only 25c a yard. The price may be higher later.

Forty-two inch ladies' cloths at 50c and broadcloths for 85c that are very much below value—that merit your early inspection.

Black dress goods at prices astounding you. Low—finger and price them.

Jackets—Capes.

Rare novelties and great values await you in our cloak room. A great line of handsome new jackets expected this week. To miss seeing our garments before you buy is to miss seeing the correct thing. No store will match the perfect fit, the superior quality and up-to-date style we give you for our prices. It's not talk, but facts. Come and figure with us.

New Ideas in Millinery.

The greatest values you ever saw are to be had here. The most elegant up-to-date effects—real bargains of the season in every style. Others can't copy at the styles, and fall far from the price. A great sale of high-class stuff, hats and bonnets made to order on short notice. Kingtons and cowboy hats and felt and cloth sailors in all colors are being received from day to day, and prices made that will please you. Why pay \$1.00 on Broadway for our 40c cowboy hat?

Great Sale of Hosiery.

Men's gray mixed socks, two pairs for 25c, worth double.

Men's mixed cotton socks, four pairs for 25c, sold everywhere at three pairs for that price.

Women's Hermsdorf hose, double heels and toes, a good 20c value, our price 12c.

If you want the best made for a quarter, in quality and dye, it will be found here—THE ONLY.

Shoes and Boots.

Why pay more for inferior quality? If we are not in position to save you in one of these there's none in Paducah so situated. It will pay judges to look here before buying elsewhere. We guarantee that you'll not lose money.

Yours for Business,

HARBOUR'S,
215 Third Street,
Just back of Wallerstein's.

Defeated Candidates

And partisans whose favorites were elected to stay at home can find balm for their wounded feelings and consolation in defeat by indulging in the soothing luxury of smoking one of our celebrated

CASA NOVA CIGARS

LOCAL MENTION.

Our subscribers are requested to report any neglect on part of carrier or any other employee of this office. Should you fail to get your paper we will consider it a great favor if you will report to the business office or ring telephone 358.

Winter Tourist Rates.

The Illinois Central Railroad company has now on sale tickets to prominent winter resorts in Florida, Georgia, South Carolina, Texas, New Mexico and Mexico at reduced rates. For further information apply to J. T. Donovan, C. A., Paducah, Ky.

Campbell-Mulvihill Coal Company

will fill your coal house now cheaper than at any. Call and make contract.

Notice to Shippers.

The Illinois Central Railroad company is now prepared to handle all shipments through Memphis to Illinois Central and Yazoo and Mississippi Valley stations, Arkansas, Texas and western points; also through New Orleans via Southern Pacific or Texas and Pacific railroad to Louisiana, Texas and western points. J. T. DONOVAN, Com'l Agent.

The question is asked, why are Hank Bros. & Jones selling so many stoves, both heating and cooking? Because all the goods are new, none carried over from last year. 17n3

Why buy trash? When Hank Bros. & Jones will sell you good coal hods at the same price. 17n3

"Pride of the Purchase"

A high grade, patent flour—home-made. You will like it. Try it and be convinced.

"Success"

A strict patent, second only to P. P. Use is proof. Make the test.

"Snow Drift,"

A good, Straight Grade—None better made.

"Daisy,"

A good, honest, strictly choice flour. Also

Pure, Fresh Corn Meal

Made of select corn.

All manufactured and for sale by the undersigned.

Second-hand flour barrels, our own preferred, bought for cash at our cooper shop across the street.

We pay the highest cash price for wheat and corn. We also sell corn, bran and chicken feed and exchange any and everything in our line for wheat or corn.

Come to see us, or communicate with us, Street No. 220, South First, Telephone No. 356.

We spend our money at home for the raw material. Let us have some of it back for the manufactured article, so that we can continue to do business ourselves and at the same time help you. The money we pay out for grain and labor mostly stops in town, and the more our own people consume of our output the more we can make a market for home-grown breadstuffs and home labor. Business makes money circulate, and transaction helps another, and so it passes from hand to hand, and the community is helped. Yours for good times,

W. A. COKER, Supt.

P. S.—Families will please insist on their groceryman keeping our goods in stock and thereby save themselves the trouble of ordering direct from the mill. Notice our Brands on sacks and barrels.

Former Paducah Girl Married in Louisville.

Mr. J. Remper Hind and Miss Lovie Helen Green were married today in Louisville.

Miss Green was raised in Paducah and has many friends here who will congratulate Mr. Hind, and wish her all happiness in her married life.

Mr. Hind is a prominent lawyer of Louisville, and son of a Baptist minister of Verona, Ky.

Mr. Hind and Miss Green were to have been married Sept. 29, but owing to the recent death of Miss Green's father, Mr. Wm. Green, the marriage was postponed.

Mr. and Mrs. Hind will be at home to their friends at their residence, 738 Seventh street, Louisville, Nov. 24.

Incandescent lamp globes suitable for system for sale at McPherson's Drug store.

Masonic Notice.

Plain City lodge 449, F. & A. M. will meet tonight at 7 o'clock in special communication for work in M. M. Degree. All Master Masons welcome.

BIRNIE B. DAVIS, W. M. G. O. INGRAM, Sec'y.

Awarded Highest Honors—World's Fair, Gold Medal, Midwinter Fair.

AMUSEMENT HAPPENINGS.

Several Attractions in the City Last Night.

Willis Irwin at the Opera House.

—Prof. Lloyd at Elks Hall.

PROF. J. C. LLOYD'S READING.

A select crowd greeted Prof. John Lloyd, of Cincinnati, at Elks' Hall last night, about one hundred representative people being present, the accommodations provided being for about that number and no more. Those who attended do not regret going, although the program was somewhat lengthy.

Prof. Lloyd, who gained an enviable reputation by his "Eidolophia," read selections from an unpublished manuscript, dealing with Kentucky life and people.

In his preliminary remarks he stated that the story was not intended to be read in Kentucky, and that he deemed it somewhat bold to essay it then for the first time. He was a scientific man, he averred, and had spent his life in the laboratory. His writings were diversions of his own mind more than anything else.

His selections were from a Kentucky folk story. They abounded in dainty descriptions, replete with touching incidents, and fraught with expressions and delineations which amply demonstrate not only his familiarity with true Kentucky life, but his genius as a faithful portrayer of human nature as well.

The entertainment was, indeed, a treat to all present, and could not fail to be to anyone who appreciates the best literature. It is regretted that more were not present.

The selections were interspersed with musical renditions by Mrs. W. T. Miller, Miss Bingham, Prof. Sisk and Miss Peck. It was the debut of Miss Peck as a singer, and she made a good impression. Her voice was sweet and well cultivated, and good as it was last night was even heard at a disadvantage, as she was naturally, it being her first public effort, somewhat nervous and confused.

Miss Peck sang artistically Saint-Saens' "My Heart at Thy Dear

PROF. J. C. LLOYD'S READING.

A select crowd greeted Prof. John Lloyd, of Cincinnati, at Elks' Hall last night, about one hundred representative people being present, the accommodations provided being for about that number and no more. Those who attended do not regret going, although the program was somewhat lengthy.

Prof. Lloyd, who gained an enviable reputation by his "Eidolophia," read selections from an unpublished manuscript, dealing with Kentucky life and people.

In his preliminary remarks he stated that the story was not intended to be read in Kentucky, and that he deemed it somewhat bold to essay it then for the first time. He was a scientific man, he averred, and had spent his life in the laboratory. His writings were diversions of his own mind more than anything else.

His selections were from a Kentucky folk story. They abounded in dainty descriptions, replete with touching incidents, and fraught with expressions and delineations which amply demonstrate not only his familiarity with true Kentucky life, but his genius as a faithful portrayer of human nature as well.

The entertainment was, indeed, a treat to all present, and could not fail to be to anyone who appreciates the best literature. It is regretted that more were not present.

The selections were interspersed with musical renditions by Mrs. W. T. Miller, Miss Bingham, Prof. Sisk and Miss Peck. It was the debut
